Light Fixture & Store Window Photo Collages (Alphabetical List)

Each collage is unique, and made from hand-cut sections of individually-printed black and white photographs. The darkroom prints are double-toned for protection against fading and discoloration from light and environmental pollutants.

All Photo Collages are sold framed. Mats and mounts are acid-free; frames are black metal. All adhesive materials are archival/conservation-quality, to ensure that the work will last for generations without fading or discoloration.

**Prices shown do not include shipping charges of approximately 30% additional, depending on shipping method and speed. Please contact me:* adrienne@adriennemoumin.com *for shipping information*. (Free delivery available in select geographical areas.)
